

## Review of 2021, thanks and call for donations to everyone, who are connected to “Solibus”

### Dear friends, family and colleagues!

It was an eventful and moving year 2021, certainly for pretty much everyone from us. We hope you have good health, strength and confidence.

It's time again to thank you all very much. Thank you for your small and large ones generous donations, your practical and mental support and your trust in Solibus!!!

Our year at Solibus e.V. was also eventful. Thanks to you, Solibus 2021 is already rolling despite this long-lasting Corona-marked period throughout Germany, to Denmark and the Polish-Belarusian border. Protected by the right of assembly, we were able to accompany projects, groups, etc. on their concerns.

Solibus was, among other things, the **shuttle and warm “Homebase”** at the camp for the preservation of the Dannenröder Forst, in Lützerath and at the “rebellious meeting in Gedelitz” with Zapatistas Delegation in Wendland. It was a **discussion space and a means of transport** at the “African interact” embassy rally tour in Berlin. And a **presentation and action bus** for the “Deutsche Wohnen & Co Enteignen” campaign. Moreover, Solibus was active with many smaller initiatives and campaigns on climate justice and against racism.

Thanks to your donations and support, Solibus now has “Soundboks” and WiFi. This was very helpful at rallies and actions, for example in the Dannenröder Forest or at the Women in Exile Germany tour.

### How Solibus makes things possible and opens spaces is increasingly noticeable.

Groups and people take the space and ask questions more naturally. They ask confidently for their Solibus - that is exactly what we want.

You can find a detailed overview of Solibus' operations last year at our website: [www.solibus.org](http://www.solibus.org).

We are glad that we can offer the tours and trips in compliance with the hygiene measures. Thanks to everyone who traveled with us to be careful with each other!

Solibus and its uses in actions and tours are in great demand. This year too, the requests exceeded our capacity with “only” one Solibus. Unfortunately, we could not meet 50 inquiries either due to corona or due to duplication of appointments.

Repairs were also an issue again this year. Thus, the increased search for one parking space and space for bus repairs, for example to reduce costs. Some new contacts and networks with committed people and bus projects throughout Germany were possible. We are making friends and look forward to further exchange!

**Relying on donations and support**, we are grateful and relieved that the association is still *finde*. Despite Corona restrictions and canceled trips and losses in donations we are in financially good situation. Yes, we dream of another Solibus... we'll see!

**Thanks to your financial support, Solibus now has a luggage tag!**

Our heartfelt thanks go to the Postcode Lottery and its participants, also to the foundation Between Bridges, which once again supported Solibus with a donation and to our Donors! Unfortunately, the trailer hasn't been used this year due to the canceled tours for use but...

**...we want to be on the road together again in 2022!**

Equipped in this way, groups/projects can plan and prepare their project more advanced. Here's an overview what you can use for your projects and plans:

Solibus has a wheelchair lift, also for electric wheelchairs, and has space for an electric wheelchair. The trailer offers space for e.g. bicycles, strollers and lots of luggage. This brings more scope for everyone. You can use the Soundboks if necessary and WiFi is usually available.

We're looking forward to your inquiries, the exchange with you and the joint journeys and actions next year!

And, we're still **looking for a place where we can do minor repairs** every now and then or do another fun workshop. We're looking forward to receiving information!

Please get in touch if you are on our **supporter list** at [www.soli-bus.org](http://www.soli-bus.org) (at supporters) want. We have hardly "advertised" the list yet and she it's still quite empty. Although we are sure that there are many more supporters :-).

If you donated in 2021, you will of course receive your **donation receipts** at the beginning of 2022 sent. For this we need your postal or email address! Please send them to [info@soli-bus.org](mailto:info@soli-bus.org).

**Once again, many thanks to you and all of you who supports and supported "Solibus"! Without you, Solibus wouldn't roll.**

... and finally our recurring call:

**Keep supporting us! From very small to very large, every contribution is a part of the whole!**

By telling us about Solibus, forwarding the call and supporting us financially, making it possible the solidarity financing of trips and the repayment of the remaining loans.

We wish you all the best, health and happiness!

Greetings in solidarity and see you again in the new year!

Your Solibus comrades

**Mobile together for a world of solidarity!**
